

## Stanbridge Primary School Sports Premium Funding Impact Report 2013 - 2014

(Impact for 2014-2015 will be evaluated at the end of the year)

Stanbridge Primary School has been in receipt of additional government funding specified as 'Sport Premium' since its introduction in September 2013. For the next two academic years, each school in England will receive £8,000 plus £5 per child on roll. The school received a total of £9,000 in 2013-2014 and predicted additional £9,000 of income (across two financial years). Schools are free to spend the Sport Premium as they see fit since they are best placed to assess what additional provision should be made for all the pupils within their responsibility. This extra funding must be spent on Physical Education and school sport. As a school we will be held accountable for how we have used this additional funding and from April 2014, we are required to publish online information regarding how we have used the Sport Premium and the impact it has made. To meet this requirement, the following information has been produced, which sets out the amount of Sports Premium we receive and how we intend to use it. We aim to utilise this extra funding to improve all aspects of physical activity. These include:

- maximising pupil progress
- increasing participation in sport
- professional development of staff
- help pupils to develop healthy lifestyles and positive attitudes towards PE
