 Why not visit a local art gallery to explore the art on offer in Bristol and write a news report?	Write a comic book story about your dragon.	Venomous Vorpents eat for about 16 hours a day and they consume 150kg of meat, mostly from other dragons. In order to find enough food they often have to travel long distances. <ul style="list-style-type: none"> <li>In 5 days a Venomous Vorpent flew a total of 80km.</li> <li>Each day it flew 4km more than the day before.</li> <li>How many kilometres did it fly each day?</li> </ul>
Can you create dragon art using a medium of my choice? (e.g. papier mache/ chalks / pastels / paint / charcoal / clay).	Write a book review about a story you have read. Why not visit your local library and find a dragon or quest story of your choice to read and review?	Can you measure the distance from your home to school? How long does it take you to walk this distance? How long does it take in the car? (You can use google maps to research!)
Research dragon art around the world and have a go at representing it. How are dragons represented in different cultures? (E.g. Chinese dragons)	Write a character description of your dragon.	Use different shapes to create a dragon character or a dragon setting
Design a Dragons of Downend crest/badge.	Create a trump card for your own dragon.	Dragon 1 weighs 30kg, dragon 2 weighs 47kg, dragon 3 weighs 82kg.  What is the total weight of the three dragons?
